

HELIX™ Double Swing™

The Double Swing™ Window, part of the HELIX™ Range, offers the traditional feel and aesthetics of a Sliding Sash Window but enhanced with the modern features and functionality to meet the most exacting standards and performance criteria with current building regulations.

Used widely in both refurbishment and new build projects, the Double Swing™ window is available in three variants: Standard, Fire Egress and the new Secured by Design (SBD)

In all a versatile design and cost efficient solution to many modern building challenges.
